

You Helped Us Raise \$5,881 on #GivingTuesday!

You had a choice and we are very grateful you chose us! Your generosity helped us to raise \$2,627 in individual donations on #GivingTuesday, and because of wonderful community partnerships with MassMutual Northern California and a secondary anonymous donor, those donations were matched - raising the grand total to **\$5,881!** We are very excited by the success of this year's fundraiser, and your contributions will go towards bringing an Astronaut Experience with the Chabot Space & Science Center to MDUSD 8th graders. **THANK YOU, THANK YOU, THANK YOU** for supporting MDUSD students, and for helping us to continue our mission of bringing quality STEAM curriculum opportunities to all district schools. You are truly making a difference.

If you want to continue to help us, the #MyGivingStory contest isn't over until December 10th, vote for our Foundation Board President Mary Gray's story below (all you have to do is input your email and hit vote!) and we could win up to \$10,000! You can vote for as many stories as you would like once per day until the 10th!

[Why I Support the MDUSD Education Foundation](#)

With great appreciation and warm wishes for a happy holiday season,

The MDUSD Education Foundation
